# Wireless Telecommunications Bureau Assignment of Authorization and Transfer of Control Applications Accepted for Filing

Because of recent events in Washington, D.C., resulting in the disruption of regular mail delivery and of the processing of other deliveries, the Commission released, on November 29, 2001, an Order temporarily amending certain procedural rules on an emergency basis. See "Implementation of Interim Electronic Filing Procedures for certain Commission filings", FCC 01-345, Order, (rel.November 29, 2001). Certain pleadings must be filed electronically (electronic mail or facsimile), by hand delivery, or by overnight delivery service other than U.S. Postal Service Express and Priority Mail.

Below is a listing of applications, subject to the pre-grant notice and petition procedure of Section 309 of the Communications Act of 1934, as amended, that, upon initial review, were accepted for filing. The Commission may return any of the applications, if upon further examination, it is determined they are defective or not in conformance with the Commission's rules and regulations. Final action will not be taken on these applications earlier than 31 days following the date of the public notice, except for radio applications not requiring a 30 day notice period. (Section 309(c) of the Communications Act, as amended.). This Public Notice only provides basic information concerning the applications. The completed applications and any attachments submitted are available for viewing online via the Bureau's Universal Licensing System (ULS). Information on how to access the ULS may be found on the internet at http://www.fcc.gov/wtb/uls.

The Bureau's weekly Public Notices only provide basic information regarding applications filed and actions taken. Specifically, our Public Notices do not list detailed transaction descriptions or new call signs assigned by the Bureau as a result of assignments of authorization. The detailed instructions below are intended to guide interested parties in obtaining more detailed information via ULS.

### How to view an application listed on this Public Notice via ULS.

- \* Note the 10-digit file number listed on the Public Notice;
- \* Access the ULS (instructions are on the internet at http://www.fcc.gov/wtb/uls);
- \* From the Main ULS screen, click on the "Application Search" button in the frame on the left;
- \* Type the application's 10-digit file number into the "File Number:" field on the Application Search screen;
- \* Scroll to the bottom of the page and click the "Search" button;
- \* When the search is completed, the application will be listed by file number on the screen.
- \* Click on the file number (in hypertext) to view the application and attachments.
